

COVER LETTER

December 15, 2020

Editorial Department of Journal of Business Administration Research.

Dear Editor of Journal of Business Administration Research,

I am submitting a manuscript for consideration of publication in Journal of Business Administration Research

The manuscript is entitled **“THE RELATIONSHIP BETWEEN THE CIRCULAR ECONOMY AND SUSTAINABLE WASTE MANAGEMENT IN EUROPEAN UNION”**

It has not been published elsewhere and that it has not been submitted simultaneously for publication elsewhere.

Considering the importance that the quantification of the indicators for implementing the circular economy have on the elaboration of more efficient policies, but also on the determination of the degree of implementation of this concept, in this paper we intend to analyze the evolution of these indicators in 2010-2019, in the European Union using a customized version of the DPSIR model. Their analysis has led us to the conclusion that although important steps have been taken in the transition to the circular economy, there are still many issues that need to be improved in order to achieve the proposed objectives through European policies.

All participants gave their written consent to participate in and conduct the study. Each of the authors had his own significant contribution to the article.
“I declare that I have no competing interest”

Thank you very much for your consideration.

The manuscript was elaborated by the following authors: MĂRCUȚĂ Liviu, PANAIT Razvan, MARCUTA Alina

University of Agronomic Sciences and Veterinary Medicine of Bucharest,
59, Mărăști Bld, District 1, Bucharest, 011464, Romania

Yours Sincerely,

Corresponding author: Marcuta Alina
